

Name:

Section 2.5 – Proficiency Check

Solve the following Radicals:

Emerging	Emerging
What is the Domain Restriction of the following? $\sqrt{x-1} + \sqrt{x+3} = 13$	Solve. Check for Extraneous Roots. $\sqrt{x-1} + 7 = 13$

Solve the following Check for Extraneous Roots and Identify Domain Restrictions.

Proficient	Extending
$-8 + \sqrt{5a-5} = -3$	$\sqrt{x+7} + \sqrt{2x-3} = 4$
